# Logan PTO Update

---

# Agenda

- Construction Update
- Review Logan Site elements and development
  - Option – Various color options
- Enhance curb appeal and school identity with plantings at exterior entry
  - Option - Landscape identity
- Interior graphics (e.g., wallcoverings, railing infills)
  - Option – FLE graphics

# Criteria for New School Projects

## PROJECT TERRACES (3 Min.)

Hard surface areas for one (1) class for outdoor learning – always adjacent to indoor classrooms.

## OUTDOOR CLASSROOMS (2 Min.)

Outdoor classrooms take on different approaches with amenities that sync to the local site. They may be hard surface areas or out on site with natural seating elements. Internet connections are provided for a variety of learning styles.

## GARDENS (1 Min.)

Gardens for learning and community are provided at each school

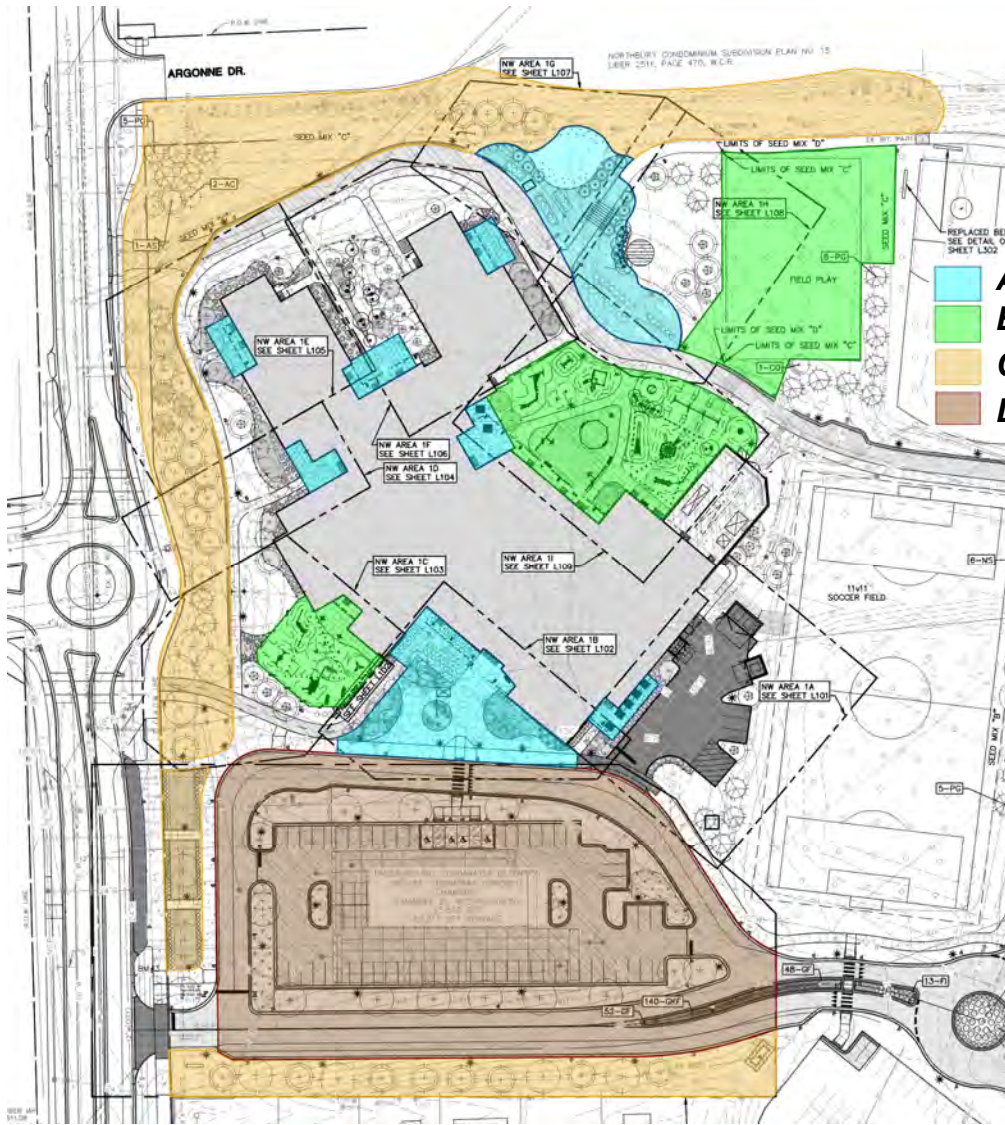

## PLAYGROUNDS (1 Pre-K, 1 Lower, 1 Upper)

There are three (3) playgrounds – each dedicated to outdoor play and a variety of structures. Shade structures are also provided in play areas.

## PLAYFIELDS (1 Min.)

Areas of open play are provided at each school.

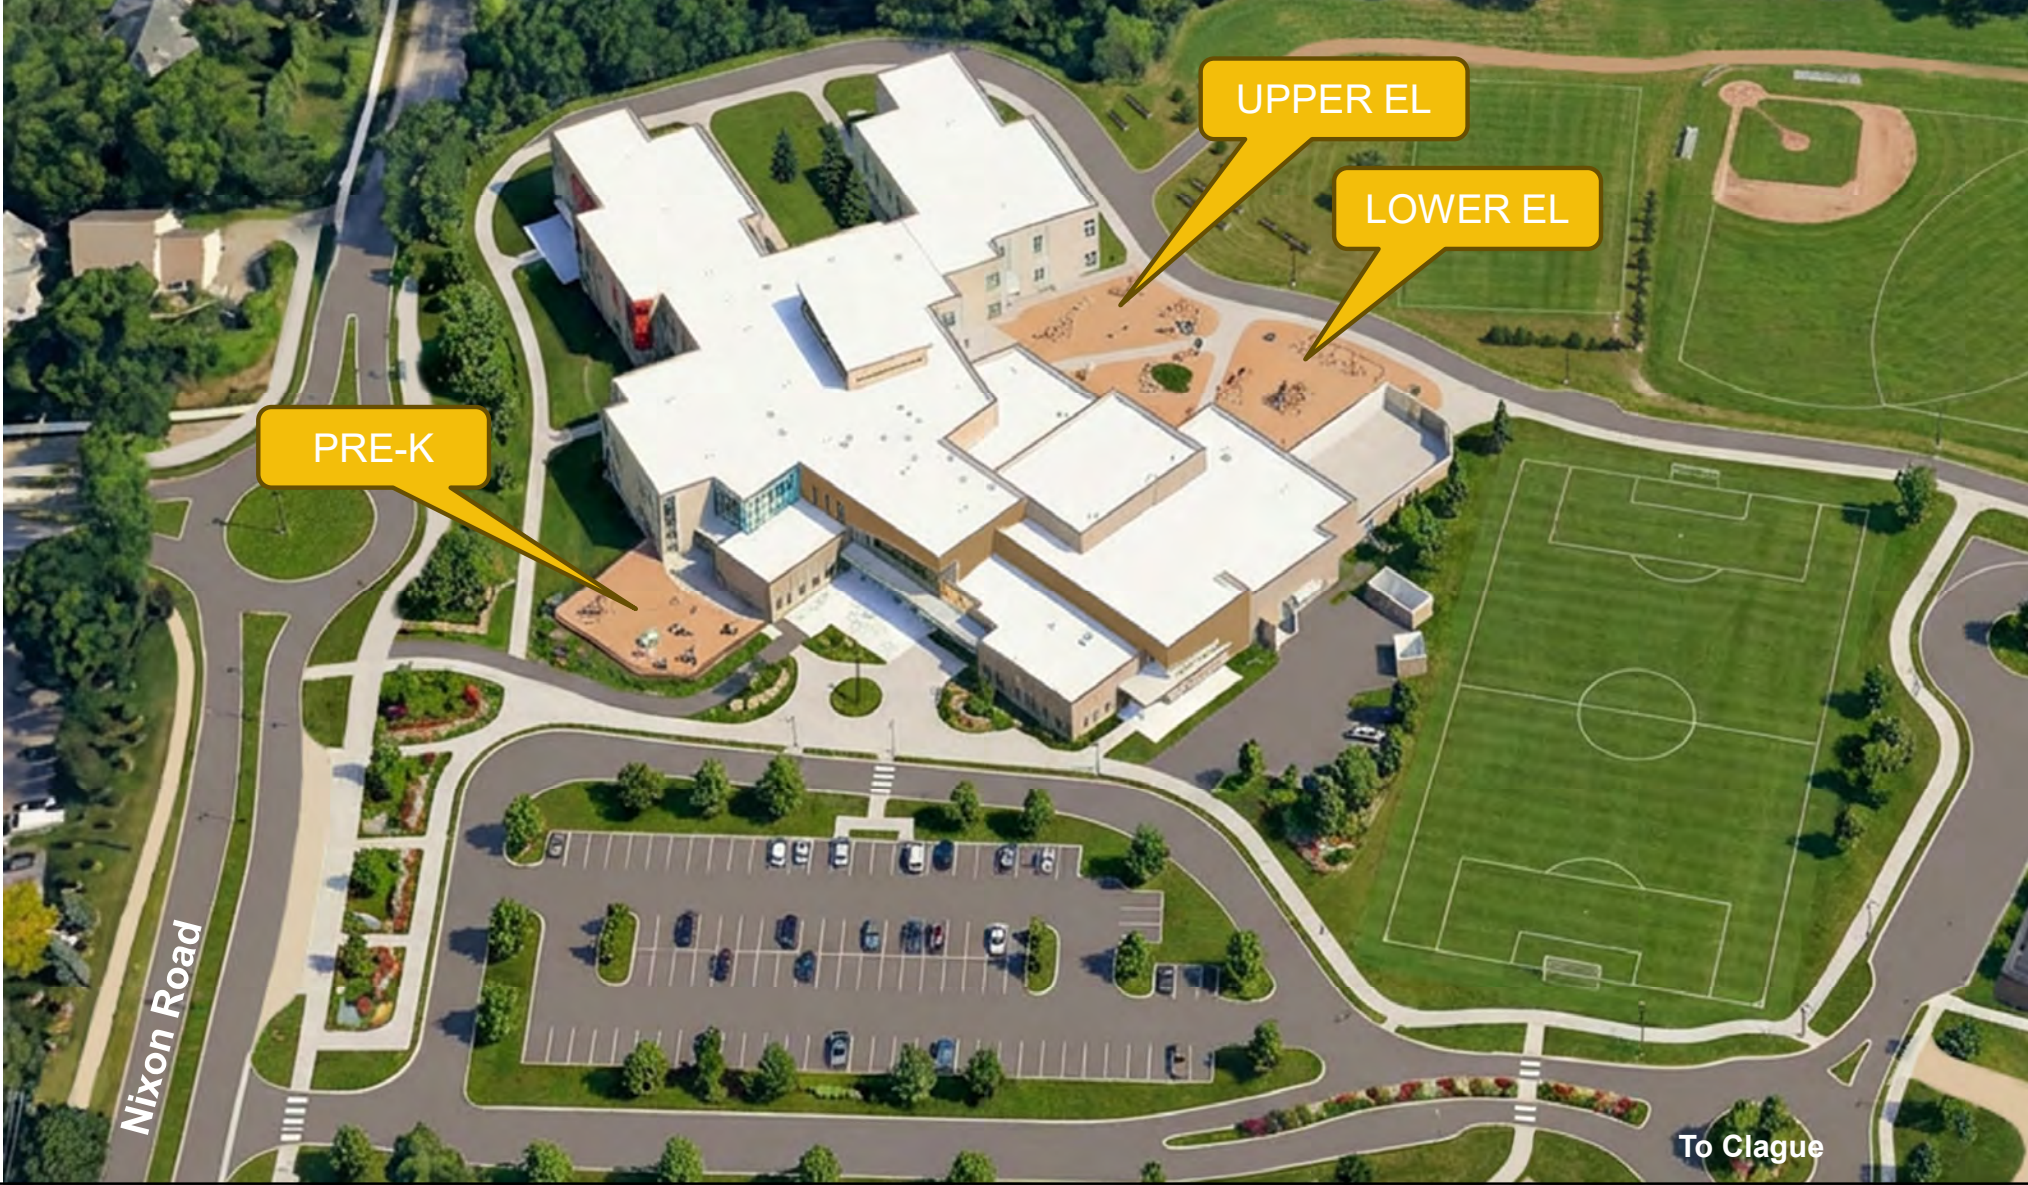

# Landscape Zones

- A:** Outdoor Learning, Engaging, Social, High Value
- B:** Active/Passive Recreation, Social, Exciting
- C:** Naturalized, Buffers to adjacent housing, Soft
- D:** Needs Shade, Needs Softening, Needs Buffering against adjacent Open Space/Fields

### Initial Priorities

- Safety, Walking paths without crossing traffic
- Extension of core learning area and playgrounds
