

## Thurston Elementary School

The AAPS Capital Improvements Program continues to develop and implement projects outlined in the 2019 Bond Campaign and the BOE approved Bond Plan. These improvements are consistent with the needs outlined in the facility condition assessment report.

### Project Information

Scope of Work	Location of Work
<p><b>A/C units in Room 26, 24, 21, 10, K2 and P2</b>            Install new portable, floor mounted A/C units.            Units may need to be vented through the window, which will require modification to the window pane. May also need to have a point to drain the condensate line for the unit.</p>	Thurston Rooms 26, 24, 21, 10, K2 and P2
