

**Preliminary Wetland Boundary Flag Map
Thurston Nature Area - City of Ann Arbor**

February 21, 2023
Barr Engineering Co. #22811103

Please be advised that the Michigan Department of Environment, Great Lakes, and Energy (EGLE), the City of Ann Arbor, and in some coastal cases the U.S. Army Corps of Engineers have regulatory authority regarding the wetland boundary location(s) and jurisdictional status of wetlands in the State of Michigan. Barr's wetland determination was performed in general accordance with accepted procedures for conducting wetland determinations. Barr provides no warranty, guarantee, or other agreement in respect to the period of time for which this wetland determination will remain valid. Barr's conclusions reflect our professional opinion based on the site conditions observed during the site visit(s). Discrepancies may arise between current and future wetland determinations and delineations due to changes in vegetation and/or hydrology as the result of land use practices or other environmental factors, whether on-site or on adjacent or nearby properties. In addition, wetland delineations performed outside the growing season, from late-October until late-April, may differ from those performed at the same site during the growing season due to the presence of snow cover or frozen ground conditions. We recommend our wetland boundary determination and jurisdictional opinion be reviewed by EGLE prior to undertaking any activity within any identified wetlands.
