

2025 FALL UPDATE:

Welcome to the AAPS Capital Program quarterly update! These updates will share highlights of recent activities; however more information is available on the website a2schoolsbond.org.

Bond & Sinking Funds support the following AAPS goals:

- **Teaching & Learning**

Continue the tradition of academic excellence

- **Safety, Health & Well-Being**

Focus on the development of the whole child

- **Sustainable/Environ. Responsible Infrastructure**

Create resilient schools for climate change

- **Efficient & Effective Support Systems & Services**

Continue technology and transportation replacement & renewal

Phase 1 Early Work

Upgrading Critical Infrastructure

Capital Program Phase 1 work addressed immediate needs including air conditioning, high-efficiency LED lighting and building automation controls at AAPS buildings. This is a significant commitment to increase the quality and comfort of classroom environments for students and staff, while adding energy efficiency measures. Image: Haisley

Phase 2 Major Projects

New Construction

Capital Program Phase 2 is well underway and will transform AAPS neighborhood schools into exceptional learning environments for student, staff and school communities. Projects take approximately two years for planning, engagement and design, and another two years for construction. Image: new Mitchell

Environmental Sustainability

Leading the State in K-12

In **2022**, the District adopted the AAPS Environmental Sustainability Framework, organizing goals within three categories: 1) Responsible Operations, Maintenance and Construction; 2) Environmental Education and Climate Literacy; and 3) Healthy School Campuses.

AAPS has established itself as the largest K-12 public school owner/operator of onsite solar electric generation in the state of Michigan, with 13 rooftop solar arrays, as of Fall 2025. Image: Skyline

Environmental Sustainability

Drive to Decarbonize

A **fundamental commitment** of the AAPS Capital Program is the periodic purchase of new buses to maintain a safe and operational fleet.

AAPS has committed to reduce carbon emissions through the strategic reduction of Scope 1 greenhouse gas emissions that come from sources that an organization owns or controls. AAPS has developed forward-thinking, long-term solutions that will support the transition to 100% electric buses over the next ten years.

Bryant Elementary
Carpenter Elementary
Clague Middle
Community High
Eberwhite Elementary
Forsythe Middle
Freeman Environmental
Huron High
King Elementary

Solar Arrays:

Bryant Elementary
Clague Middle
Earhart Administration
Forsythe Middle
Haisley Elementary
Huron High
Pattengill Elementary
Pioneer High
Scarlett Middle
Skyline High
Tappan Middle

Playground

Improvements:

Abbot Elementary
Angell Elementary
A2 STEAM
Bryant Elementary
Burns Park Elementary
Eberwhite Elementary
Haisley Elementary
King Elementary
Pittsfield Elementary
Lakewood Elementary

Lawton Elementary
Mitchell Elementary
Pattengill Elementary
Pioneer High
Scarlett Middle
Skyline High
Tappan Middle
Transportation
Westerman Preschool
Wines Elementary

Westerman Preschool
**Stormwater
Improvements:**
Bach Elementary
Carpenter Elementary
Lawton Elementary
Skyline High
Thurston Elementary

Westerman Preschool
Wines Elementary

THANK YOU!

These improvements are made possible by Bond and Sinking Funds. Ann Arbor Public Schools wishes to thank the Community for the continued support of the Capital Program Bond and Sinking Funds.

AAPS Capital Program's objective is to transform the student learning experience with the goal of providing for the health, safety, and well-being of all students in high-quality, equitable, and environmentally sustainable schools.
