

Digital Literacy: Designing Spaces that Support Skill Development

As the Ann Arbor Public Schools Capital Program continues its transformative work across the district, a fundamental imperative guides infrastructure planning: Designing physical spaces and technology systems that support the development of digital literacy skills that students will need in the decades ahead. To read more, please [follow this link](#).

AAPS Capital Program's objective is to transform the student learning experience with the goal of providing for the health, safety, and well-being of all students in high-quality, equitable, and environmentally sustainable schools.
