Capital Program Investments at the Freeman Environmental Education Center

A 40-acre site in Dixboro is becoming a district-wide hub for hands-on environmental learning, supported by Capital Program renovations, a new greenhouse, and a planned solar canopy for outdoor learning. To read more, please [follow this link](#).

AAPS Capital Program's objective is to transform the student learning experience with the goal of providing for the health, safety, and well-being of all students in high-quality, equitable, and environmentally sustainable schools.
