AAPS Flooring Projects: Creating Healthier, Sustainable Spaces

As part of the Capital Program, Ann Arbor Public Schools is replacing aging flooring across multiple school buildings with sustainable materials designed to improve indoor air quality, reduce chemical use, and create healthier spaces for students. To read more, please [follow this link](#).

AAPS Capital Program's objective is to transform the student learning experience with the goal of providing for the health, safety, and well-being of all students in high-quality, equitable, and environmentally sustainable schools.
